

**TKO** DOCK  
DOORS

## **CW Series CruiserWeight**

Insulated and Non-Insulated Impactable KnockOut Doors

It is the industry's most rugged dock door, providing total knockout protection. Its durable features make it a great choice for facilities accustomed to moderate to severe panel damage, moderate to severe track damage and higher wind load requirements.

## CW Series CruiserWeight Insulated and Non-Insulated Impactable KnockOut Doors

The industry's most rugged door, providing total knockout protection for facilities with:

- Moderate to severe panel damage
- Moderate to severe track damage
- Higher wind load requirements

### CONSTRUCTION

- Full height 12 gauge galvanized steel track standard.
- 1-3/4" thick insulated, foam core panel with damage resistant polymer interior panel skin or 3/4" thick non-insulated 7-ply wood core panel durable enough to handle heavy impacts.
- Heavy-duty, retractable plungers allow door to release from the opening upon impact.
- Tight perimeter weatherseal eliminates air infiltration and light gaps. Seals are attached to the panel versus the door jamb, keeping them out of harms way to provide a consistent seal.
- One year material and workmanship warranty.

### OPTIONS AND ACCESSORIES

**Impact-A-Track™**  
Provides total protection against the most abusive impacts, available in 3', 6' or full height.  
(5 year impact warranty)

**Single Pane or Thermal Pane Rectangular Window**  
Provides visibility outside the facility.

**PowerHouse™ Panel**  
Polycarbonate interior facing provides superior protection against severe impacts.  
(2 year impact warranty)

**Clear Vision Panel**  
21" high, 1 3/4" thick clear vision panel that runs the full width of the door and provides full visibility outside the facility.

## TKO Wind Load Package Sectional Knockout Door

The industry's most rugged door, providing total knockout protection for facilities with:

- Moderate to severe panel damage
- Moderate to severe track damage
- Hurricane susceptible locations

### CONSTRUCTION

- Polycarbonate interior skin.
- Full Height 12 gauge galvanized steel track or full height reinforced Impact-A-Track™ that provides protection against the most abusive impacts from top to bottom.
- Heavy-duty, retractable plungers allow door to release from the opening upon impact.
- Slide locks with lockout pins, attached to the track, secure the door during high-wind events.
- Not available on the Non-Insulated Cruiserweight door.
