DOORS

## **TW Series ThermalWeight**

Impactable Insulated Doors

TKO damage-resistant, industrial insulated doors are specifically designed for perishable and cold storage facilities. The TKO TW Series ThermalWeight door is ideal for loading docks that experience moderate panel damage and moderate to severe track damage.

## TW Series ThermalWeight Impactable Insulated Door

Specifically designed for perishable and cold storage facilities with:

- Moderate panel damage
- Moderate to severe track damage
- Higher R-value requirements
- Higher windload requirements

### CONSTRUCTION

**4" Thick Moisture Resistant Panel** Closed-cell foam core provides R-23 rated damage resistant fiberglass interior facing for consistent temperature control.

- Full height Impact-A-Track™ provides total protection against the most abusive impacts from top to bottom.
- 4" thick insulated, foam core panel with damage resistant polymer interior facing.
- Heavy-duty, retractable plungers allow door to release from the opening upon impact.
- Tight perimeter weatherseal incorporates a side dual compression bulb seal to prevent energy loss. Seal is attached to the panel versus the door jamb, keeping it out of harms way to provide a consistent seal.
- The unique double compression side and bottom seals provide an energy efficient seal that separates cold interior temperatures from the ambient exterior temperatures that are common with refrigerated facilities.
- 5 year Impact-A-Track™ warranty.
- 1 year material and workmanship warranty.

### OPTIONS AND ACCESSORIES

**Thermal Pane Rectangular Window**  
Provides visibility outside the cold storage facility for cold storage environments.

**Double Knockout Header**  
Allows the door to knock out in both directions at the top of the door opening. (vertical lift track only)

**Super Bottom Panel**  
Adds strength and durability where most impacts occur. (2 year performance warranty)

**E-Lift CounterWeight**  
Adjustable system eliminates the need for counterbalance springs.

## TKO Wind Load Package Sectional Knockout Door

The industry's most rugged door, providing total knockout protection for facilities with:

- Moderate to severe panel damage
- Moderate to severe track damage
- Hurricane susceptible locations

### CONSTRUCTION

- Heavy-duty polymer interior skin.
- Full height Reinforced Impact-A-Track™ provides total protection against the most abusive impacts from top to bottom.
- Heavy-duty, retractable plungers allow door to release from the opening upon impact.
- Slide locks with lockout pins, attached to the track, secure the door during high-wind events.
- Available on all TKO door series.
